

WE ARE HERE FOR YOUR STUDENTS

Welcome Days

Two full days dedicated to international students before teaching begins

Buddy System

To fit in and help each other out

Exchange Fair

An afternoon to present and taste international food

35% international students

Our International team is dedicated to helping your students

OUR PARTNERSHIPS - YOUR OPPORTUNITY

Over 10 dual degrees

Partnerships

IChemE
Institution of Chemical Engineers

Fédération Gay-Lussac

 **Université franco-allemande Deutsch-Französische Hochschule**

NANCY IS A UNESCO WORLD HERITAGE SITE

ENSIC is located in Nancy's historical city center

90 minutes from Paris by train

In the heart of Europe

Mai 2023.

ENSIC

➔ **A TOP-RANKING CHEMICAL ENGINEERING SCHOOL IN FRANCE**

WELCOME TO ENSIC

The heart of Chemical Engineering
at the Université de Lorraine

 **1st French University**
in Chemical Engineering
in the Shanghai ranking since 2017

 **2 internationally renowned**
research laboratories

 **Institution of chemical engineers**

- Over 500 students
- More than 50 academic partnerships worldwide

 **4000 graduates**
working worldwide

 **2 master engineering**
programs and 1 master research program

 **Study in Nancy**

- Over 51 000 students
- 4th biggest university centre for engineering in France
- 400 € rent (average)
- 6 halls of residence

TOP RANKING EXPERTISE IN CHEMISTRY AND CHEMICAL ENGINEERING

**Chemical Engineering
« I2C » M. Eng degree**

Highly selective & competitive national admission

- 3 years
- 3 options :
 - Process engineering for energy and environment
 - Bioprocess engineering
 - Innovative products : from chemistry to processes
- 120 graduates per year
- 1 semester abroad
- Possible parallel « GPBP » Research Master

**Chemical Engineering with Industrial Experience
« FITI » M. Eng degree**

Admission based on qualifications at S5 level

- 3 years
- Dual-degree program opportunity with the Hochschule Mannheim
- 35 graduates per year

**Chemical Process and BioProcess Engineering
« GPBP » Research Master**

Admission based on qualifications at S5 level

- « PERSEE » : products, environment, resources, energy
- « BIO PROCEDES » : bioprocesses
- International Master « BIOWARE » : biorefinery engineering of wood and agro-resources

Offered by :   

ENGINEERING STUDIES IN FRANCE

S1	S2	S3	S4	S5	S6	S7	S8	S9	S10	
Preparatory class				ENSIC Engineering School						PhD Program
Bachelor						Master M1		Master M2		
60 European Credits		120		180		240		300		

RESEARCH OPPORTUNITIES

2 world-renowned research laboratories CNRS – Université de Lorraine
120 PhD students – 17 research teams

Reactions and Chemical Engineering Laboratory (LRGP)

- Processes for environment, safety and resource valorization
- Intensification, optimazation and architectures of processes
- Bioprocesses, biomolecules
- Kinetics and thermodynamics for energy and products
- Product engineering

Macromolecular Physical Chemistry Laboratory (LCPM)

- Self-assembly and smart materials
- Biomolecules and vectorization
